## REFERENCE LETTER

We hereby confirm that, from October 2011 to March 2013, the company PROMOSTAL performed for us the contract for delivery and installation of ca. 5000 tons of various steel structures for our new project Fusion Plant in Porsgrunn, Norway. The company PROMOSTAL won the tender, presenting us the most competitive offer.

Between the others, PROMOSTAL delivered heavy supporting structures, steel structures for buildings, steel structures for technological equipment, platforms, stairs, ladders, gas ducts etc. The dimensions of the mail production hall were 66x172x3m. The spans of naves were 30m and 36m. PROMOSTAL also took part in designing. Supplies have been performed in accordance with the contractual time schedule and were of very good quality. Assembly was carried out smoothly and within the required time limit.

During the execution of the contract for us, the company PROMOSTAL has got from us many additional orders, which have been performed by the company PROMOSTAL flawlessly. The total value of the contract inclusive additional orders amounted to EUR 14,6 Mio.
