Reference letter

Veidekke Entreprenør AS had the pleasure of working with Promostal on the VMS project in Porsgrunn, Norway in the period of May-August 2015.

Promostal was subcontracted to the following scope of work:

- Full design of steel structure.
- Manufacturing of steel structure.
- Assembly of steel structure.
- Supplying and assembly of TRP roof plates.
- Assembly of sandwich wall panels
- Manufacture and assembly of steel stairs, railings and ladders.

Veidekke finds Promostal to be an outstanding subcontractor. They exhibit the finest qualities in terms of product, work, flexibility and efficiency in management.

Promostal performed their work safely and solved the tasks and challenges at the project in an excellent way. Their management was very engaged in the project, helping to solve any challenges that occurred during the course of construction. This ability to always find solutions to challenges, regardless of size, is very impressive. This is undoubtedly a key feature of the Promostal managers.

Veidekke is looking forward to be working with Promostal in future projects.

Yours sincerely,
Veidekke Entreprenør AS
