REFERENCE

We hereby confirm that Promostal Sp. z o.o. Sp.k. took part in realization of the NY FACKLA GOR project in Gøteborg, Sweden, in scope of prefabrication, delivery and assembly of steel structures for new piperack in Preem.

We certify that Promostal executed the works on a high quality level and the performed services met all the required standards in the production and assembly of steel structures. Promostal showed exceptional flexibility, willingness to help and solve problems, technical and schedule-wise. Fully convinced, IPC Industriprojekt AB may recommend Promostal as a reliable business partner for steel structures execution and assembly.

Sincerely,
Toni Leinonen
