LETTER OF RECOMMENDATION FOR PROMOSTAL Sp. z o.o. Sp. k.

To Whom It May Concern,

We are pleased to write this letter of recommendation for our partner PROMOSTAL Sp. z o.o. Sp. k. We had the opportunity to collaborate with them for the execution of a steel substructure for project "Crane beams for Hall D3.1 on AM Bremen HSM finishing area", 12 crane beams of 15 meters manufactured from one piece with estimated total weight 228 000,00 kg

Throughout the project, our partner demonstrated professionalism, technical expertise, and a strong commitment to quality and safety standards. Their team showed efficiency in executing the project within the agreed timeline and budget, ensuring that all requirements and specifications were met.

Their expertise in manufacturing crane beams was evident in the quality of the delivered work. Their ability to handle complex structural challenges with innovative solutions was highly appreciated. Moreover, their communication and cooperation with our team were very good, fostering a productive and seamless collaboration.

We highly recommend PROMOSTAL Sp. z o.o. Sp. k. for any future projects requiring steel structures, particularly in the field of crane beams. Their dedication, experience, and professionalism make them a reliable and valuable partner.

Should you require further information, please do not hesitate to contact us.

Best regards,

General Manager
Ec. Hărău Irina
